ASEV Affiliation is based on a calendar year. If your application is received on or after October 1, your affiliate status will be activated for the next calendar year unless you request otherwise on the application. Your company must be a current affiliate during the calendar year of any ASEV-hosted event to benefit from reduced registration rates. Online access to AJEV will become active on January 1. Your company's name may not appear in the next AJEV issue list, depending upon when we receive your application in regard to our publication schedule.
